This volume contains expanded versions of papers presented at the first ASEAN-Japan Research Institute Meeting (AJRIM), held in Bangkok on October 25, 2002, hosted by the Institute of Developing Economies, Japan External Trade Organization (IDE-JETRO) and the Thailand Development Research Institute. These papers were delivered at the International Symposium, "Toward ASEAN-Japan Comprehensive Economic Partnership" on July 23, 2003 in Tokyo, Japan.

We are indebted to Yoshihiro Otsuji and Kunihiko Shinoda, who gave briefings on business behavior of Japanese firms operating in ASEAN and regional cooperation between ASEAN and Japan at the first AJRIM. We also thank Narongchai Akrasanee, Atchaka Brimble, Samart Chiasakul, Suthiphand Chirathivat, Masaki Ishikawa, Kitti Limsakul, Wisarn Puppavesa, Kaoru Shiraishi, Damri Sukhotanang, Somsak Tambunlertchai, and Thamavit Terdudomtham, who made valuable comments on our studies at the first AJRIM.

Special thanks go to Fumihiko Kato, Keiichi Kimura, Koichi Ishikawa, Ayumi Mori, and Hiroshi Kobayashi, who have supported AJRIM. We also thank Tomoko Kubota for her efforts in making conference arrangements and doing editorial work to prepare this volume for publication.

Lastly, we would like to express our gratitude to all the contributors among the ASEAN AJRIM members. They are the Centre for Strategic and International Studies of Indonesia, Malaysian Institute of Economic Research, Philippine Institute for Development Studies, Singapore Institute of International Affairs, Thailand Development Research Institute, and Central Institute for Economic Management (Vietnam).
