List of Tables

Table I-1.	Major Parties in Lok Sabha Elections, 1952–1999	11
Table I-2.	Diagrams of Coalitions of the Main Political Parties after 1989 at the Central Level	20
Table I-3.	Total Number of Persons Disqualified under Section 10A of Representation of People Act, 1951	33
Table II-1.	Efficacy of Vote	51
Table II-2.	Distribution of Voters and Non-voters by Respondents	52
Table II-3.	Usefulness of Political Parties	54
Table II-4.	List of Original Variables and Data Sources	64
Table III-1.	Voter Turnout, Number of Candidates, and Congress Vote Percentage: Pearson's Correlation Coefficient between Consecutive Lok Sabha Elections	79
Table IV-1.	Simple Pearson's Correlation Coefficient between Turnout and Development Related Variables for Each Year	99
Table IV-2.	Transformation of Socio-Economic Variables into Orthogonal Variables Sets: Factor Loading Matrix	101
Table IV-3.	Turnout Explained by Development Related Variables, All Samples	104
Table IV-4.	Turnout Explained by Development Related Variables, Low and High Literacy Samples	112
Table IV-5.	The Effect of Time and Social Development on the Mobilisational Effects of Urbanisation	114
Table IV-6.	Impact of Rajiv Gandhi Assassination on Turnout in the Andhra Pradesh, Bihar, Madhya Pradesh, Rajasthan, and Uttar Pradesh: Stepwise Regression Analysis	125
Table IV-7.	Analysis of Turnout from 1957 to 1999: Stepwise Regression Analysis	133
Table IV-8.	Summary of the Standardised Regression Coefficient of the State Dummy Variables in the Stepwise Regression for Voter Turnout	145
Table IV-9.	Change in the Number of Candidates from 1996 to 1998: Stepwise Regression Analysis	150
Table IV-10.	Increase of the Number of Candidates from 1962 to 1991: Stepwise Regression Analysis	154
Table IV-11.	Increases in Number of Candidates from 1962 to 1991 by State (Candidates per 1 million electorate)	156

Table IV-12.	Difference of SCs Ratio between 1962 and 1991	158
Table IV-13.	Analysis of Number of Candidates from 1957 to 1999: Stepwise Regression Analysis	160
Table IV-14.	Summary of the Standardised Regression Coefficient of the State Dummy Variables in the Stepwise Regression for the Number of Candidates	170
Table AI-1.	Basic Statistics on the "Percentage of SCs"	185
Table AI-2.	Basic Statistics on the "Percentage of STs"	185
Table AI-3.	Definitional Changes of "Workers"	187
Table AI-4.	Basic Statistics on the "Percentage of Cultivators"	188
Table AI-5.	Basic Statistics of the "Percentage of Agricultural Labourers"	188
Table AI-6.	Year of the Original State Legislative Assembly Election Data Based on the 1956 Delimitation, Adopted to Get Estimations of the Electorate (=weight) in 1957 and 1962	191
Table AI-7.	Year of the Original State Legislative Assembly Election Data Based on the 1966 Delimitation, Adopted to Get Estimations of the Electorate (=weight) in 1967 and 1971	191
Table AI-8.	Year of the Original State Legislative Assembly Election Data Based on the 1976 Delimitation, Adopted to Get Estimation of the Electorate (=weight) in 1977, 1980, 1984, 1989 1991, 1996, 1998, and 1999	192

List of Figures

Figure i-1.	Voter Turnout in the Lower Houses Elections in the Five South Asian Countries, 1970–2000	3
Figure I-1.	President's Rule for States, 1951–95	8
Figure I-2.	Annual Growth Rate of Per Capita Net National Product at 1993–94 Prices	13
Figure I-3.	Wholesale Prices Increase, 1951–2000	15
Figure II-1.	Conceptual Model of Voting Participation	58
Figure II-2.	Relation between Male and Female Literacy, 1961	66
Figure II-3.	Relation between Male and Female Literacy, 2001	66
Figure II-4.	Geographical Boundary of Units (district or districts combined) Used in this Study	69
Figure II-5.	Adjustment of Election Data	70
Figure III-1.	Voter Turnout, 1952–1999	77
Figure III-2.	Deviation from the Average Pattern, Voter Turnout and Congress Votes: Pearson's Correlation Coefficient between the Variable in Each Election and the First Principal Component Extracted from the 12 Election Data of the Variable	81
Figure III-3.	Number of Candidates per 1 Million Electorate, All India, 1952–1999	84
Figure III-4.	Average Percentage of Votes Obtained by the Successful and Second-place Candidate, and the Difference between Them, All India, 1952–1999	86
Figure III-5.	Turnouts in the Lok Sabha and State Legislative Assembly Elections in Each State	90
Figure IV-1.	Standardised Regression Coefficients of Variables Explaining Turnout, All Samples	107
Figure IV-2.	Fertiliser Consumption per Net Area Sown	109
Figure IV-3.	Male-Female Differences in Voter Turnout	115
Figure IV-4.	Standardised Regression Coefficients of Development Related Variables Explaining Turnout Based on the Low Literacy Samples	116
Figure IV-5.	Standardised Regression Coefficients of Development Related Variables Explaining Turnout Based on the High Literacy Samples	117

Figure IV-6.	Explained Variance of Turnout ($=R^2$)	118
Figure IV-7.	Estimated Average Percentages of Cultivators and Agricultural Labourers per Main Workers in Election Years	141
Figure IV-8.	Standard Deviation of Mean Squares of Turnout Explained by State Factor	149
Figure IV-9.	Standard Deviation of Mean Squares of Number of Candidates Explained by State Factor (Candidates per 1 million electorate)	171
Figure AII-1.	Distributions of the Non-Hindu Population, the SC and ST Population	194
