# CONTENTS

Preface .....	iii
List of Authors .....	v
INTRODUCTION .....	xii
PART I JAPAN TEAM	
1 Summary of the Japan Team .....	1
Masatsugu Tsuji	
1. Introduction .....	1
2. Issues and Characteristics of Public Investment for Infrastructure Construction.....	2
3. Introduction of Private Resources to the Public Sector: The Third Sector Method .....	4
4. New Paradigm: Private Finance Initiative .....	5
5. Private Finance Initiative Promotion Act in Japan .....	7
6. Deregulation in the Electric Power Industry .....	8
7. Characteristics of Telecommunications Infrastructure Building ...	9
8. Infrastructure Building in Developing Countries and Japan .....	10
9. Conclusion .....	11
2 The Third Sector's Failure in Japan .....	13
Mitsuhiro Kagami	
1. Introduction .....	13
2. What is the Third Sector.....	14
3. Background .....	15
4. The Third Sector Failures.....	19
5. Causes of Failures .....	24
6. Lessons from the Failures.....	25
References .....	26
3 Private Initiatives in Japan: Present, Problems, and Prospects .....	28
Chie Kashiwabara	
1. Introduction .....	28
2. Starting PFI: the Public and Private Sectors .....	29
3. Model Projects of Private Initiatives in Japan.....	35

4. Problems Concerning Introduction of PFI .....	44
5. Conclusions .....	47
Notes .....	48
References .....	50
4 Introduction of the Private Finance Initiative Promotion Act in Japan.....	53
Miwa Yamada	
1. Introduction .....	53
2. Why was the Act Enacted?.....	54
3. What does the Act Provide?.....	56
4. What are the Implications of the Act for the Future Relationship between the Public and Private Sectors in Infrastructure Development in Japan?.....	63
5. Toward the Future.....	67
Notes .....	68
References .....	70
5 The Liberalization of the Japanese Electric Power Industry .....	75
Tsuruhiko Nambu	
1. Introduction .....	75
2. The Cost Structure of Electric Power Generation .....	76
3. The Initial Liberalization of Electric Power.....	78
4. The Emergence of IPP.....	79
5. The Proposal of the Electricity Industry Council.....	82
6. How Far Liberalization Can Be Realized?.....	83
Notes .....	84
References .....	85
6 Infrastructure Building in the Japanese Telecommunications Sector: From Public-Public Partnership to Public-Private Partnership.....	86
Masatsugu Tsuji	
1. Introduction .....	86
2. Telecommunications Infrastructure .....	88
3. Telecommunications Infrastructure Construction in a Competitive Environment .....	91
4. Telecommunications Infrastructure Construction in a Non-Competitive Environment .....	94

5. Infrastructure Construction: Case of Kobe City .....	99
6. Characteristics of Japanese Telecommunications Infrastructure Construction .....	101
7. Conclusion: From PPP to Public-Private Partnership .....	103
Notes.....	105
References .....	106
7 Infrastructure Building in East Asia from the Viewpoint of Japan.....	108
Yoko Uchida	
1. Introduction .....	108
2. Current Situation of Infrastructure Building in East Asia and Japanese Participation.....	109
3. Infrastructure Building in East Asia after the Economic Crisis ..	114
4. Further Possibilities of BOT in East Asia .....	116
5. Application of BOT Experience to the Japanese Economy .....	118
Notes.....	119
References .....	120
<b>PART II UK TEAM</b>	
8 Summary of the UK Team .....	121
Michael Pollitt, Tanga McDaniel, and Sunil Mani	
1. The Declining Role of the State in Infrastructure Investments in the UK .....	121
2. Private Initiatives in the England and Wales Electricity Industry.....	130
3. Private Financing Initiatives in India's Infrastructure Sector.....	135
References .....	140
9 The Declining Role of the State in Infrastructure Investments in the UK .....	142
Michael Pollitt	
1. Introduction .....	142
2. Privatization and Infrastructure Investment .....	144
3. The Development of the Private Finance Initiative (PFI) .....	148
4. The Theory of Private Finance for Public Project.....	153
5. The Experience of the PFI.....	157

6. Case Studies of PFI Projects .....	161
7. Conclusions .....	169
Notes .....	170
References .....	171
10 Private Initiatives in the England and Wales Electricity Industry .....	178
Tanga McDaniel	
1. Introduction .....	178
2. Investment in the Nationalized Industry .....	179
3. Independent Generation .....	183
4. Conclusions .....	191
Notes.....	192
References .....	193
11 Private Financing Initiatives in India's Infrastructure Sector: an Analysis of Reforms in the Electricity Supply, Roads and the Distribution of Telecommunications Services Sectors since 1991 .....	197
Sunil Mani	
1. Introduction .....	197
2. The Electricity Sector .....	198
3. The Road Sector .....	209
4. The Distribution of Telecommunications Services Sector .....	213
Notes.....	233
References .....	234
<b>PART III US TEAM</b>	
12 Summary of the US Team .....	235
Sanford Berg	
1. Framework for Evaluating Infrastructure Policies .....	235
2. Economics of Politics — "Who Matters, What Matters?" .....	238
3. Causes and Impacts of Infrastructure Policy .....	239
4. Public Power: Perspectives in Electricity Restructuring .....	244
5. Environmental Issues in Electricity Restructuring .....	246
6. Global Rivalry in Infrastructure .....	248
7. Infrastructure Management: Applications to Latin America .....	252
8. Institutions and Telecommunications Performance in Africa:	

Stability, Governance and Incentives .....	255
9. Concluding Observations .....	258
Notes.....	260
References .....	260
13 Public Power: Perspectives in Electricity Restructuring .....	262
Salvador Martinez	
1. Introduction .....	262
2. Recent Background .....	263
3. A New Wires Industry: Unique Issues Facing Public Power .....	264
4. Finance and Tax Issues Facing Public Power .....	268
5. Tennessee Valley Authority, Power Marketing Administrations, and Restructuring.....	271
6. Conclusion .....	273
Notes.....	274
References .....	279
14 Environmental Issues in a Restructuring Electric Industry .....	282
John Tschirhart	
1. Introduction .....	282
2. Environmental Damage from Generation Emissions .....	284
3. Reducing Domestic Environmental Damage from Generation .....	285
4. Global Impacts of GHGs and Kyoto .....	287
5. Conservation.....	290
6. Developing Countries.....	293
7. Concluding Remarks .....	296
Notes.....	296
References .....	297
15 Global Rivalry in Infrastructure .....	299
Mark Jamison and Janice Hauge	
1. Introduction .....	299
2. The New Telecommunications Industry.....	301
3. Case Studies in Telecommunications MLR .....	318
4. The New Electricity Industry .....	326
5. The New Natural Gas Industry.....	332
6. Case Studies in Energy MLR .....	338
7. Sources of MLR .....	343

8. Conclusion .....	344
Notes .....	345
References .....	346
16 Infrastructure Management: Applications to Latin America .....	350
Sanford Berg and Maria Corton	
1. Introduction .....	350
2. Information Issues for Potential Investors.....	351
3. Organizational Responses to Opportunities and Regulatory Rules .....	355
4. Application to Peruvian Water Utilities .....	359
5. Conclusions .....	363
Notes.....	365
References .....	365
17 Institutions and Telecommunications Performance in Africa: Stability, Government and Incentives .....	367
Sanford Berg and Jacqueline Hamilton	
1. Introduction .....	367
2. Public vs. Private Ownership .....	370
3. Basic Economic Conditions: Natural Monopolies vs. Potentially Competitive Markets .....	372
4. The Pace of Change.....	376
5. Some Policy Implications.....	380
References .....	387
CONCLUSION .....	389
INDEX .....	392
